# About Team Ghosts

“Team Ghosts” is a framework designed to build a shared understanding of your team’s condition. It helps visualize otherwise invisible issues within an organization or team using clear and simple expressions.

When issues arise, rarely are they caused by a single individual. In most cases, they stem from interpersonal dynamics and the surrounding work environment. By identifying issues as “Team Ghosts” that negatively affect teams, this framework supports the team in taking collective action towards a resolution.

# Team Ghosts Quick Look - 1

## Lack of Significance Ghost

A ghost that drains all meaning and purpose from work. With significance stripped away, your job becomes nothing but a series of tedious, monotonous tasks.

## Lack of Praise Ghost

Preying on good intentions, it snatches praise right out of thin air. While you intend to show appreciation and give credit, this ghost creates a thankless work environment, stealing away praise and gratitude.

## Lack of Sense of Accomplishment Due to Busyness Ghost

This ghost traps you in a cycle of juggling endless tasks for a false sense of security. As a result, you're buried in work, yet lack any feeling of accomplishment.

## Insufficient Support Ghost

This ghost hides your colleagues' struggles, leaving them without support. By creating an impression that nothing's wrong, it robs others of the chance to step in and help.

## Complacency Ghost

A ghost that kills all sense of urgency, leaving you in a lukewarm bath of "good enough." While it feels comfortable and secure, a nagging question remains: "Is this really the best path forward?"

## Lack of Support from Surroundings Ghost

This ghost preys on high-performers, turning professional autonomy into destructive isolation. Preventing collaboration, it transforms your cohesive team into a mere collection of individuals.

## Lack of Clarity in Evaluation Ghost

This ghost obscures the intent behind feedback and compensation, leaving your team guessing at how success is really being measured. Is the system flawed, or are you just missing something? This ghost ensures you can never be sure.

## Stuck in a Challenge Ghost

This ghost chains down autonomy and new challenges. Preying on ambition, it makes your team feel anchored down whenever they try to innovate or take ownership, eventually losing their sense of personal growth.

# Team Ghosts Quick Look - 2

## Lack of Rapport with Superiors Ghost

This ghost creates dangerous strains between employees and their managers, actively working to weaken their connections. Before you know it, the relationship has become diluted.

## Mismatch with Vision Ghost

A ghost that fosters indifference toward the organization's vision. Despite a common goal and direction, this ghost clings to the organization's compass, obscuring the way forward.

## Lack of Organizational Progress Ghost

This ghost brings organizational momentum to a halt, leaving everyone stuck in the mud even as they try to collaborate or move forward. As the organization becomes siloed, its range of motion is narrowed.

## Unfair Compensation Ghost

This ghost loves to rig the system, possessing the scales that weigh effort against your pay. No matter how hard you work, the compensation never feels proportional.

## Difficulty in Switching Between Work and Life Ghost

A ghost that ensures work is always on your mind, making you feel that no matter how hard you work, no real progress is being made. This vicious cycle leads to burnout.

## On The Verge of Burning Out Ghost

This ghost thrives on pushing your team past its breaking point. Relentlessly increasing workloads and escalating pressure, it systematically drains your team until there's nothing left to give.

## Overall Low Score Ghost

This ghost drags down every aspect of engagement. Work feels empty, stress piles up, and any connection to the company starts to fade away.
